

## Assumption University Student Confederation

Assumption University recognizes the Assumption University Student Confederation as an official body representing both undergraduate and graduate students. The Student Organization Committee acts as a central unit to promote student development activities, oversee student life, and serve as a representative to convey student needs and concerns to the university. The organization is well-regarded for its efficiency and effectiveness.

In the academic year 2023, Assumption University welcomed administrators, faculty members, and students from Nakhon Ratchasima Rajabhat University who visited to observe the organization of AU Camp 2023. The visit aimed to adopt creative practices in organizing welcoming activities for new students.

The Assumption University Student Organization (AUSO) has continuously built partnerships with national-level student leadership networks and has regularly participated in their annual activities.

On September 15, 2023, Mr. Tharit Kiattipornsiri, Vice President of the AUSO, was honored to share his thoughts as a panelist at the event titled “Thai Higher Education Adapting to the VUCA World,” organized by the Association of Private Higher Education Institutions of Thailand, held at Kasetsart University, Bangkhen Campus.

### Student Organization Council Election Process

The Assumption University Student Organization has a clear process for publicizing, recruiting, verifying qualifications, and electing candidates to ensure a well-qualified and widely accepted AUSO president. The university promotes student participation through the following steps:

- The university appoints an election committee comprising faculty members from the Student Affairs Division, current AUSO committee members, and faculty representatives from various departments.
- The election is publicized, and applications for presidential and vice-presidential candidates are opened.
- Candidates' qualifications are reviewed and interviews conducted by faculty and senior student leaders.
- A confirmation vote is held among representatives of various student activity units, during which candidates present their vision and policies.
- Candidates who pass the confirmation vote are allowed to campaign through the AU Spark application.
- The election committee reviews and certifies the results, and the successful candidates are announced and congratulated.

Confirmation voting for candidates is conducted by representatives from various student activity units.
